Notice of Allowance

This is the Notice of Allowance for application number 10/806,017 Hook and Cord Loop Hanging System, filed on 3/23/04. Claims 2, 3 and 5-9 are allowed.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Bob Lemire on 9/12/05.

Claims 1 and 4 have been cancelled.

Claims 2, 3, 5-9 all have their dependency changed to 9.

Claim 9 has been added:

Claim 9 (New) A hanging system for picture, mirrors and other similar objects having;

A. a support body adapted to be affixed to a wall, said support body having two vertical side lips and open top and bottom edges;

Art Unit: 3632

B. a cord affixed to the lip of said support body on a first end and forming a loop by going through an aperture in said support body and a second end being affixed to said other lip adjacent said bottom edge of said support body;

C. a horizontal adjusting means for adjusting the vertical position of said cord;

D. wherein the downward extending cord engages a double beveled bracket affixed to said object and is configured to engage said support body, the double beveled bracket thereby supports and locks said object onto said hanging system

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach a hanging system for picture, mirrors and other similar objects having a support body adapted to be affixed to a wall, the support body having two vertical side lips and open top and bottom edges, a cord affixed to the lip of said support body on a first end and forming a loop by going through an aperture in said support body and a second end being affixed to said other lip adjacent said bottom edge of said support body, a horizontal adjusting means for adjusting the vertical position of said cord, wherein the downward extending cord engages a double beveled bracket affixed to said object and is configured to engage said support body, the double beveled bracket thereby supports and locks said object onto said hanging system.

Art Unit: 3632

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
